Foreword

The lights are dimming, the audience is hushed. The curtain is going up on the last act. Our minds begin to wonder a little and we sum up the final act and all those that led up to this last one. From behind the scenes emerge our first graduating class, smiling and happy.

We think of the years before this honored moment. Let's go back a few years. Many of the group started in kindergarten at Orchard View and grew as the school has grown. Others have joined and some have left us. The years went by and we knew it was time for a change, a step forward. Out from the sidelines came a new concept; a high school was born.

That was two years ago, just two years ago we moved into our new surroundings and now we have our first graduating class. They aren't many, but they are significant. They have paved the way for future generations. From this moment will come many others in the future years of O. V. H. S.

We can now see the significance of this last act. Not this act alone has substantiated our year at Orchard View. There have been many other memorable times. Many new clubs were formed. Behind the seniors, came the undergrads, creating the backbone of the school and backing the seniors. They don't get the applause when the play is over, but they are there as a union, pulling all the way. This has been a good play and we will reveal its scenes in the Orchard View IMPRINT of 1962-1963.

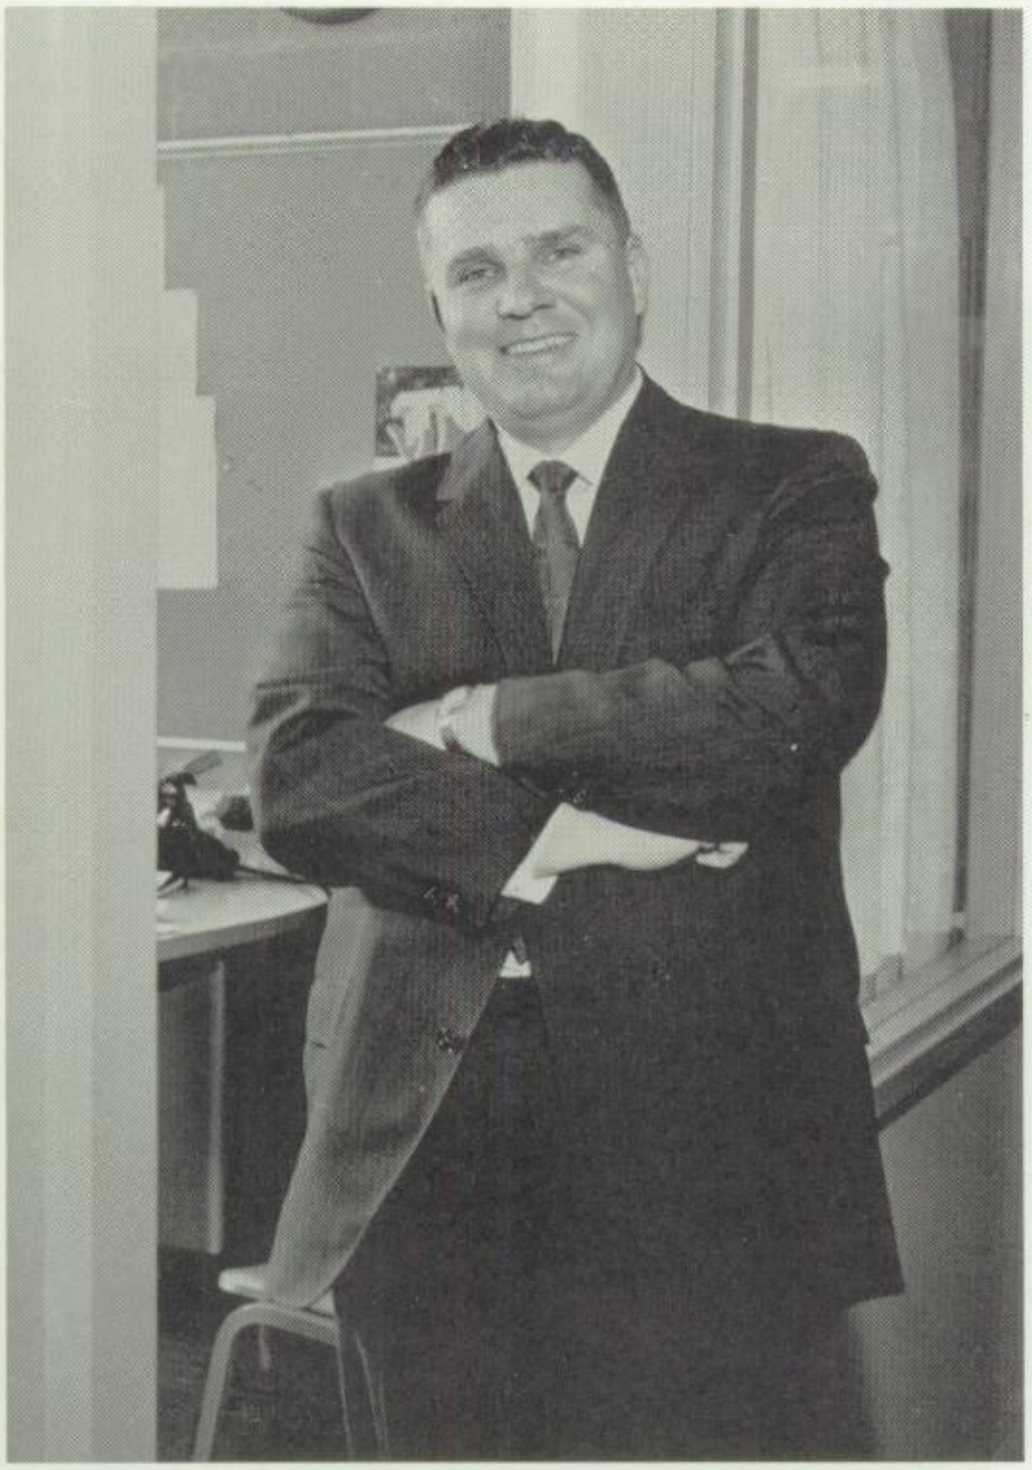
FACULTY



MR. SIELSKI, Principal

The administrative staff of Orchard View led by Mr. Marion MacPherson, superintendent, and Mr. Gerald Sielski, principal, have combined all of the diverse elements of this school into something outstanding.

Basically, Mr. Sielski has control of the high school program and with the help of Mr. MacPherson chooses the teachers and advises them on their programs. Also Mr. Sielski is in charge of arranging assemblies and developing an extracurricular program for all the students in the school.

Mr. MacPherson works closely with the school board and presents ideas which could affect this school in many ways. These proposals are studied by him, the board and the faculty, to provide for an excellent educational opportunity.

The work that Mr. MacPherson and Mr. Sielski do has aided our school endlessly. They have a big job in running this school district to present vital, outstanding and comprehensive program of educational opportunities for the student body.

Co-Ordinators

MR. MacPHERSON, Superintendent

SEATED: Mrs. Hower; Mrs. Seydel; Mr. Tatrow; Mr. Storey.
STANDING: Mr. Edwards; Mr. MacPherson; Mr. Mundt; Mr. Kuerth.

Co-Operate

One of a school board's basic functions is to develop a philosophy of education for its district and then develop the policies, principles, and procedures to implement this philosophy. Simply stated the Orchard View school board wants "to provide a comprehensive program of educational opportunities for each individual." In view of this goal, they have worked hard to provide the facilities for a good education to every student.

It has been through your endless efforts that our school has reached its present level of excellence. Now that we have sprouted from an elementary school to a high school, we believe that you will add to our foundations and keep us steadily expanding our horizons. In the past, as well as in the present, you have been farsighted in realizing the needs of a growing community. In the future we believe you will strive for the general betterment of the school and the community. Under your guidance our school will attain a greater position of prominence, prestige, and power.

Understanding Through Guidance

Junior and senior high guidance consist basically of three areas, education of the student, group guidance, and individual counseling.

Evaluation of the student is through use of various tests which help in giving the teacher and the counselor an idea of the capabilities of the student. The main area is counseling where the counselors try to help the student understand himself better and to help himself when faced with conflict.

Scheduling of the students for classes is also one of the duties of the counselor.

The counselors also engage in aiding the student in vocational and college guidance, trying to present the best possible program for their future.

Concert Band Moves

The Concert Band, under the direction of Mr. Carl Borgeson, reached a new peak of perfection during the past season. The return of all of the former members of the band was a factor in this perfection.

The biggest event of the year was the Annual Regional Band Festival which was held in Muskegon. The number which every band was required to play was the "First Swedish Rhapsody" by Erik Leidzen. For the first time the O.V. band participated in the Class B division.

Another first for the band is the fact that all the members are now required to prepare either a solo or to participate in an ensemble for the Regional Solo and Ensemble Festival. This year this contest was held at Whitehall. Many of our students received first division ratings.

For their spring concert, the band played many celebrated works, among them the "Kalinnikov Symphony" and "Elsa's Procession to the Cathedral" from Wagner's opera "Lohengrin." The money raised from this concert and other projects through the year will be used to buy new instruments for the band.

Practicing for the Solo and Ensemble Festival are: Deborah Storey; Roger Utzinger; Margeret Hamilton; Marsha Emmons.

Majorettes Claudia Shrum, Cheryl Nelson, Barb Cerka and Colleen Schimke with Drum Major Larry Buter.

Here Comes the Parade!

The Cardinal Marching Band enjoyed a very successful season in its second year as a marching band. The band under the direction of Mr. Warnaar gave many colorful half-time shows. They performed with the Reeths-Puffer Marching Band during half-time of the game between the Cardinals and the Rockets. They marched in the Memorial Day Parade and the Fire Prevention Week parade. Orchard View is proud of its fine marching band.

With a Voice of Singing

Placed far away from the hustle and bustle of the school's busy cafeteria is the choral room. As the noon hour approaches anyone in the north wing is surely able to hear the Senior High Chorus vocalizing and rehearsing for one of its singing engagements.

In the fall Christmas music is rehearsed for the Annual Kiwanis Club Community Sing at the Walker Arena. Singing for the P. T. A., several assemblies during the course of the school year, and participating in a county musical festival this spring for the first year are but a few of the events scheduled for the Orchard View High School Chorus this year.

Enlarged to seventy-five this year, the Chorus received additional robes to accommodate the new singers.

The Chorus director, Mr. Carl Borgeson, has in mind for next year, because of a tight academic schedule, two choruses. One, organized for the band members wishing to be in the chorus also, will possibly be a madrigalian chorus. The other will be the A Cappella Choir.

FIRST ROW: P. DeYoung; M. Foster; T. Sonnega; M. Shurburn; Q. Stoddard; D. Holland; L. McPhall; D. Pollick; C. Tarte; D. Storey; M. Cerka. SECOND ROW: S. Farwig; M. Stever; D. Eicherst; C. Ruch; S. Red and Gray . . .

DONNA McGHAN, Tumbler

At every varsity game, with arrangements of vigorous and peppy cheers, these cheerleaders lead the crowd in a hearty demonstration of favor for their team. A simple, pleasing, cheerleading approach is not enough to satisfy our cheerleaders so they have developed a series of gymnastic advances by the cooperation of the two tumblers. Always providing support for their team, these girls whip up the school spirit of the onlooking crowd by shouting cheers for the "Red and Gray."

Starting with a simple "Two Bits" these girls lead the crowd into a hearty "Go, Fight, Win."

The response of the crowd and the team to the cheerleaders is one of respect and good character.

With the help and time given by their coach, Mrs. Firme, the girls are going on to bigger and better things in their future years at OVHS.

The student body of OVHS is proud to have such good school spirit inspired by these girls. At every pep meeting, the crowd cheers the team on to a hopeful victory. With the enthusiasm of our team and our student body led by the cheerleaders, Orchard View is bound to come out on top.

Showing their pep are the football cheerleaders. Left to Right: D. Iverson; D. Anderson, Captain, Y. Pratt; L. Obenauf; M. Hamilton; D. Colbert and Tumblers M. Clark and D. McGhan.

Junior Classical League

The Orchard View J.C.L. gives the students an opportunity to learn more about the civilizations of Rome and Greece. Through this knowledge they are better able to understand and appraise the world of today, which is indebted to the ancient civilizations for its government, laws, language and arts.

Club members of the O.V. chapter were initiated into the League in an impressive ceremony by a committee from the Muskegon Heights chapter.

Club members present reports and discussions of things of interest to the group. They held a Christmas party patterned after the Saturnalia Festival. The club observed Latin Week with a special program and made plans to attend the State Junior Classical League Convention in the spring. Also in the spring a tea was held for the prospective Latin students for the following year.

Spanish Club

The prime purpose of the Spanish club is to augment an understanding of the language and the people of Spain. The club under the direction of Mr. Graham has chosen officers and has drawn up a charter.

Of the many things they do are tape recordings, which help the students to hear their flaws in speaking Spanish. The club has planned various projects and programs for the benefit of the members.

F.B.L.A.

The Orchard View High School Chapter of the Future Business Leaders of America is sponsored by teachers of the commercial department.

A few of the main purposes of F.B.L.A. are to encourage membership in the development of individual projects and in establishing themselves in the business world, create more interest and understanding in the intelligent choice of business occupations, develop character, prepare for useful citizenship, and foster patriotism for the young adults of today.

Membership in F.B.L.A. is unified on the local and national level. Membership is established by the payment of local and national dues in advance and by the fulfillment of other required obligations.

During the school year many interesting lectures, movies, and workshops were performed at most of the meetings.

Entering into its third year as a member of the National Association of Student Councils, the council initiated its first large scale money-raising project, that of the exchange student program. The council chose a junior, Margaret Clark, for this honor. Early in February, the student body ratified the council's constitution. We believe that in the future this organization shall continue its fine work.

"Aloha"

The Prom Committee in preparation for the biggest event in the school year, the Junior-Senior Prom, is under the leadership of Jim Grams and Ken Comstock. A lot of work and imagination are going into the Hawaiian theme and setting, composed of grass skirts, floating island, and grass shacks. The dreamy atmosphere will also present Bob Warnaar and his orchestra. The date, set for June 7th, is bound to arouse much excitement by all who attend.

The Inquiring Report

The Campus Cue spent its third successful year of informing and entertaining the students of O.V.H.S. The monthly publication had two student editors this year. Barbara Auten, Editor-in-Chief; and Co-Editor Sheryl Nelson combined efforts to keep the staff on their toes. Both editors received training at Michigan State University through scholarships provided by the staff.

Pictures of school activities and students were added to the Campus Cue this year along with interesting feature articles including the ever-popular inquiring reporters column.

One feature item that met with approval was the editor's column. Here the students got a chance to ask the whys and the staff tried to answer them. The students could also state their compliments and complaints.

The Campus Cue is advised by Mr. Gerald Graham who helps the staff to produce the fine paper that it continues to be.

To Form a Common Market?

The Orchard View Debate Club, in its second year, has developed fine teams. Although they did not win all of their debates, they did manage to be victorious in at least half of them. The topic for this year was, "Resolved that the United States should join in forming a common market among nations of the Western Hemisphere." This very important topic was discussed by both the negative and the affirmative teams in a series of debates with various schools. Orchard View participated with several area high schools in the Seaway Debate League tournaments.

The debaters found out that it is very helpful to switch sides of the question to understand it more thoroughly. This proved very helpful when Orchard View entered a tournament in which the teams drew for which side they would debate.

Debate is very helpful to the students participating in it. It teaches them about current affairs and it also helps them to hold their own in any argument. Confidence and poise are acquired through debate along with voice control.

The debate team is coached by Mr. George Hedberg. The students receive 1/4 credit a year for debate. Next year they hope for even greater success.

Forensic Activity Increases

Forensic activity, under the direction of Mr. George Hedberg, increased this year. After three years, the group is gaining greatly in momentum among the students.

The annual forensic contests held every year pick winners in the following fields: Original Oratory; Declamation; Interpretive Reading; Humorous Reading; and Extemporaneous Speaking. In the local school contest, two winners are picked from each category. These winners will go on to the district contest.

Last year the district contest was held at Reeths Puffer. The students participating did a fine job in representing Orchard View. Although we did not place students in first or second place and qualify for the regional contest, we did gain a lot of valuable experience. Many of the same students are back again in the contest and we are sure that again this year they will make a fine showing. The district contest will be held this year at Hart.

Another part of the forensic contests is that of student judging. If you stop to think about it, it takes a lot to be able to evaluate the speeches and come up with the winners without being prejudiced toward the contestants from your own particular school. We have won quite a few certificates for the fine judging done in the contests and are proud of this accomplishment.

As our book goes to press, we are hoping for success in the contest this year and wish all the contestants lots of luck.

Germ-Free Animals?

Under the direction of the science department, the Orchard View Science Club was formed for putting forth a better understanding of science to its members. The club centers its interest on subjects that are unable to be covered in a regular class period.

During their year in existence the club has had a film on raising germ-free animals, heard a speaker from the Upjohn Company and also toured the Upjohn Research Center. They have visited the Grand Rapids Health Fair, and had members enter projects into the Science Fair.

The club is placing in the minds of its members an everlasting desire and interest in science. By bringing in outside programs, the advisors have hoped that the members have benefited from the knowledge gained. They feel the meetings are more enjoyable through this program.

To be sure, the entire student body has benefited from the essence of the Science Club, being a worthwhile and comprehensive program.

Lettermen Form Varsity Club

To become a member of the Varsity Club, one must have earned a Varsity award at some time during his years at O. V. The members of this club are also members of some of the Varsity teams at Orchard View.

The members of this exclusive organization believe that the Varsity Club, although a new organization, will become a tradition among the other activities at O. V. It not only stresses athletic prowess, but also citizenship and courtesy. In the future this club will hold various field trips to athletic events.

Through the Varsity Club, members can gain closer bonds of friendship which, it is hoped, will influence the outcome of the sports in which these members participate.

It is the hope of the members of the Varsity Club that athletics will benefit them in the future by instilling in them a feeling of good sportsmanship and fair play.

Tournaments Galore!

The Orchard View G.A.A. held everything in the way of tournaments this year from cageball to table tennis. Through tournament play, the girls have a chance to earn G.A.A. points toward emblems, pins, or school letters. The girls also get an opportunity to show what they can do in the way of sport activities.

Cageball champs are "on the ball."

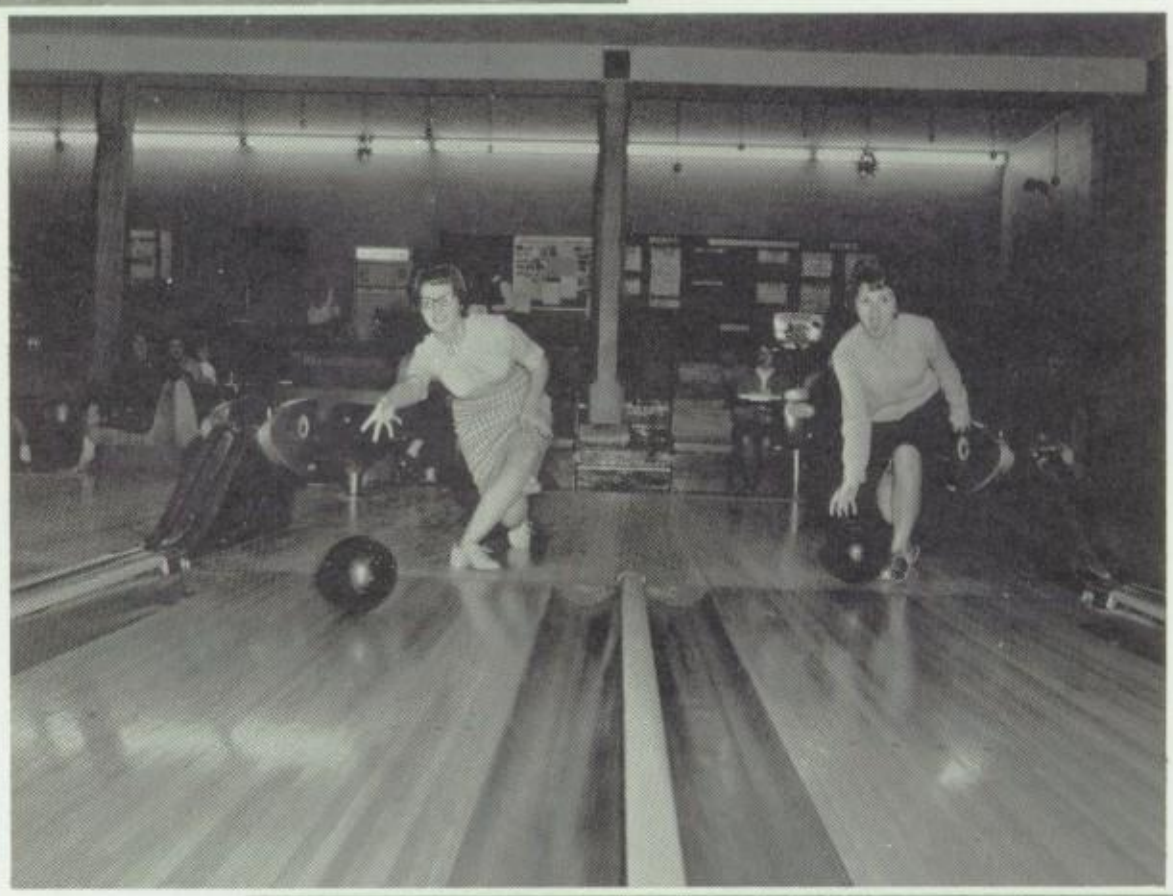
The ideals of the club are to promote good sportsmanship, develop leadership, and inspire good feelings among the girls of the club, while teaching them the basic skills of each game.

The main money-raising project throughout the year is a dance held in the spring where a gymkana queen is chosen on the basis of personality and skill.

Volleyball takes alertness and coordination.

Basketball has become a major sport at Orchard View. The girls get in the act with their tournaments each year. Here the girls gain a better understanding of the game and develop good sportsmanship.

The Orchard View bowling league is in its third year. Already the team has grown and the competition between the girls is getting keener. They meet after school on Wednesdays at Maple Lanes Bowling Alleys. Along with the enjoyment of bowling, the girls receive instructions on techniques. They hold an annual banquet in the spring.



Precision routines have been presented at various shows by this newly formed group. The girls work hard to develop their abilities. One performance was given at the Kenny Lane Exhibition in the fall. The audience's reception indicated their success.

"Ripples in Rhythm"

The theme for the annual production of the Synchronized Swimming Club was "Ripples in Rhythm." It featured numbers depicting rhythms from the early 1900's through the present day jazz. Among the features of the show was a ballet number in which Lynn Utzinger performed in a solo. Costumes for the number were soft and flowing. In contrast to this was a scene straight from the roaring twenties, complete with Charleston dancers. Solos were also given by Deborah Storey and Karen Smith, to music of a more recent and quiet nature.

Typical of the many stunts and formations which the members must learn, here they form a "living" triangle.

Exchange Students Invade O.V.H.S.

Through the efforts of the Council of Churches, sponsoring the Youth for Understanding program, three exchange students from Mexico and one from the Netherlands came to O. V. H. S.

Helen Wieringa, our exchange student from Amsterdam, was with us for two months. During this time, she enjoyed the activities offered by our curriculum and she took part in the normal study routine. She stayed with the Charles White family during her visit.

Three of the students: Victor Garcia, Carlos Maragan, and Miguel Sanchez came from Mexico. Victor was with us for a year and a half, learning the customs of America, and the American way of life. The Kuerth family hosted Victor during his stay. The previous summer of 1961, Ricky, Victor's American brother, had spent the summer with Victor and his family.

Here for only a short two months, the other boys, Miguel and Carlos have taken with them to Mexico an experience they will always remember. Miguel stayed with the White family also, and Carlos stayed with the Storey family. Jeff Storey spent the summer of 1962 with Carlos and his family, before Carlos came to America in November.

As their visits ended, all of the students expressed a sincere desire to someday return to the United States.

Victor seems to be highly admired by his two comrades from Mexico, Carlos (left) and Miguel.

Helen likes America, especially American ice cream cones.

Friendship is a universal language finds Victor Garcia and Ricky Kuerth, his American host.

Mr. and Mrs. Sielski were there to crown the royal couple.

Queen Colleen

and King Pat

Colleen Schimke and Pat Six were chosen Cardinal King and Queen by the student body, agreed upon by all to be "the people's choice." It was their night, as the first of the open cars drove around the circled track in front of the stadium, showing off the glittering attire and happy smiles of the Queen and King and their court. The night proceeded with a dance after the game honoring the couple and reminding us that next year they will be back as homecoming King and Queen.

Our Victorious Cardinals

The Cardinals opened a brilliant season with an equally brilliant performance against RAVENNA. O.V. ran and passed almost at will against their opponent from the Seaway Conference. Quarterback Curtis Gardenour was the big offensive gun for the Cardinals as he accounted for all of the scoring with his passing and running. Final score: 25-0.

Orchard View avenged an earlier defeat by thoroughly drubbing MARNE 25-7. The scoring was evenly divided among the halves. Gardenour again emerged as the big man for the Cardinals as he scored or passed for three of the four O. V. touchdowns.

Orchard View engaged in a close defensive battle with SCOTTVILLE until Art Jourdan plucked a wayward aerial and raced 85 yards for a touchdown. That broke the game open! The rest of the team rallied and from then on, it wasn't even close as the final score was 26-6.

If half-time score counted O. V. would certainly have received at least a consolation prize. The first half story was "all Cardinals." The second half was different, however. A late touchdown scored under heavy fog by REETHS-PUFFER changed a victory celebration into a group of disappointed players. Final score: 7-13.

The Cardinals pulled out all the stops and displayed fine desire and aggressiveness. Touchdowns were 'a dime a dozen' for the Cardinals. Defense and offense were perfectly combined as the final score was 43-0 against REED CITY.

SHELBY threw everything they had against the Orchard View line only to be thrown back. Meanwhile Curtis Gardenour led his team to three touchdowns. Running for two and passing to Ames for the other touchdowns, Gardenour made the difference.

The highly favored Cardinals found out what a team as inspired as COOPERSVILLE is capable of doing as they fought out a 6-0 victory. It was a frustrating night for O. V. Only a last ditch drive for the goal line saved the team from humiliation.

The best game of the season found the Cardinals in a tense defensive battle with HART. Both teams exchanged punts for three quarters with neither team able to move. In the fourth quarter, however, the Cardinals came to life and pieced together another shutout win, 7-0.

After four straight shutouts something had to give. It certainly did! At the half, the team found themselves behind by three touchdowns posted by HOLLAND-WEST OTTAWA. With time running out, they were within one touchdown of victory. To the dismay of all, time ran out in the middle of the O. V. march. Final score: 18-24.

This is a tough position for even quarterback Curt Gardenour!

A hard man to catch and just as hard to bring down was speedy Art Jourdan, shown here with the ball. John Beerman is giving Art valuable assistance. Assistance was the key to the Cardinals' fine record.

Excitement plus Action

The Cardinal Basketball team of '62-'63 had a very satisfactory season. The showing that the boys on the team displayed was a source of pride to all students at O. V. H. S.

As a pre-season newspaper article observed, the Cardinals practiced during the summer in hopes they might be prepared for the coming season. Prepared they were! The boys started the season in fine fashion and continued to display the same fine performance game after game. The team played as a unit and developed into one of the leading teams in the area. Throughout the season the boys showed pride in their performance and pride in their school.

Congratulations are in order for Coach Czanko and for all the boys on the team.

In 1963 Orchard View enjoyed the benefits of three basketball teams other than the Varsity. These teams were as much a source of pride as any other event in school. All of the teams gained many things of value, if not victories, experience and a love for the game.

These teams held regular practice sessions and were coached in the same able manner as the Varsity. Sometimes one does not realize that these teams are the Varsities of the future. And also that their performances are just as enviable as those of the older boys.

The Varsities of tomorrow will be manned with experienced and skillful players.

Two Wins And a Tie . . .

The Cardinal cross country team made notable strides in 1962. The team not only produced fine runners but also fine sportsmen. The boys compiled an enviable record as they faced some of the area's finest teams and finished with two victories and a tie out of five meets.

Cross country is a sport which apparently is popular with basketball players and swimmers, since all but three of the harriers competed in these two sports. Nevertheless, all of the boys on the team had an enjoyable and profitable experience.

The Cardinal swimming team under the coaching of Coach Lake, began its first season of interscholastic swimming meets. The team came up with some very good swimmers. After the season was over, all involved conceded that they had had a very successful season. But, and this shows good determination, most of the boys added that old standby, "But wait until next year."

On your mark! . . .

A good start is often the difference between winning and losing. Four of the stars of the swimming team show us how.

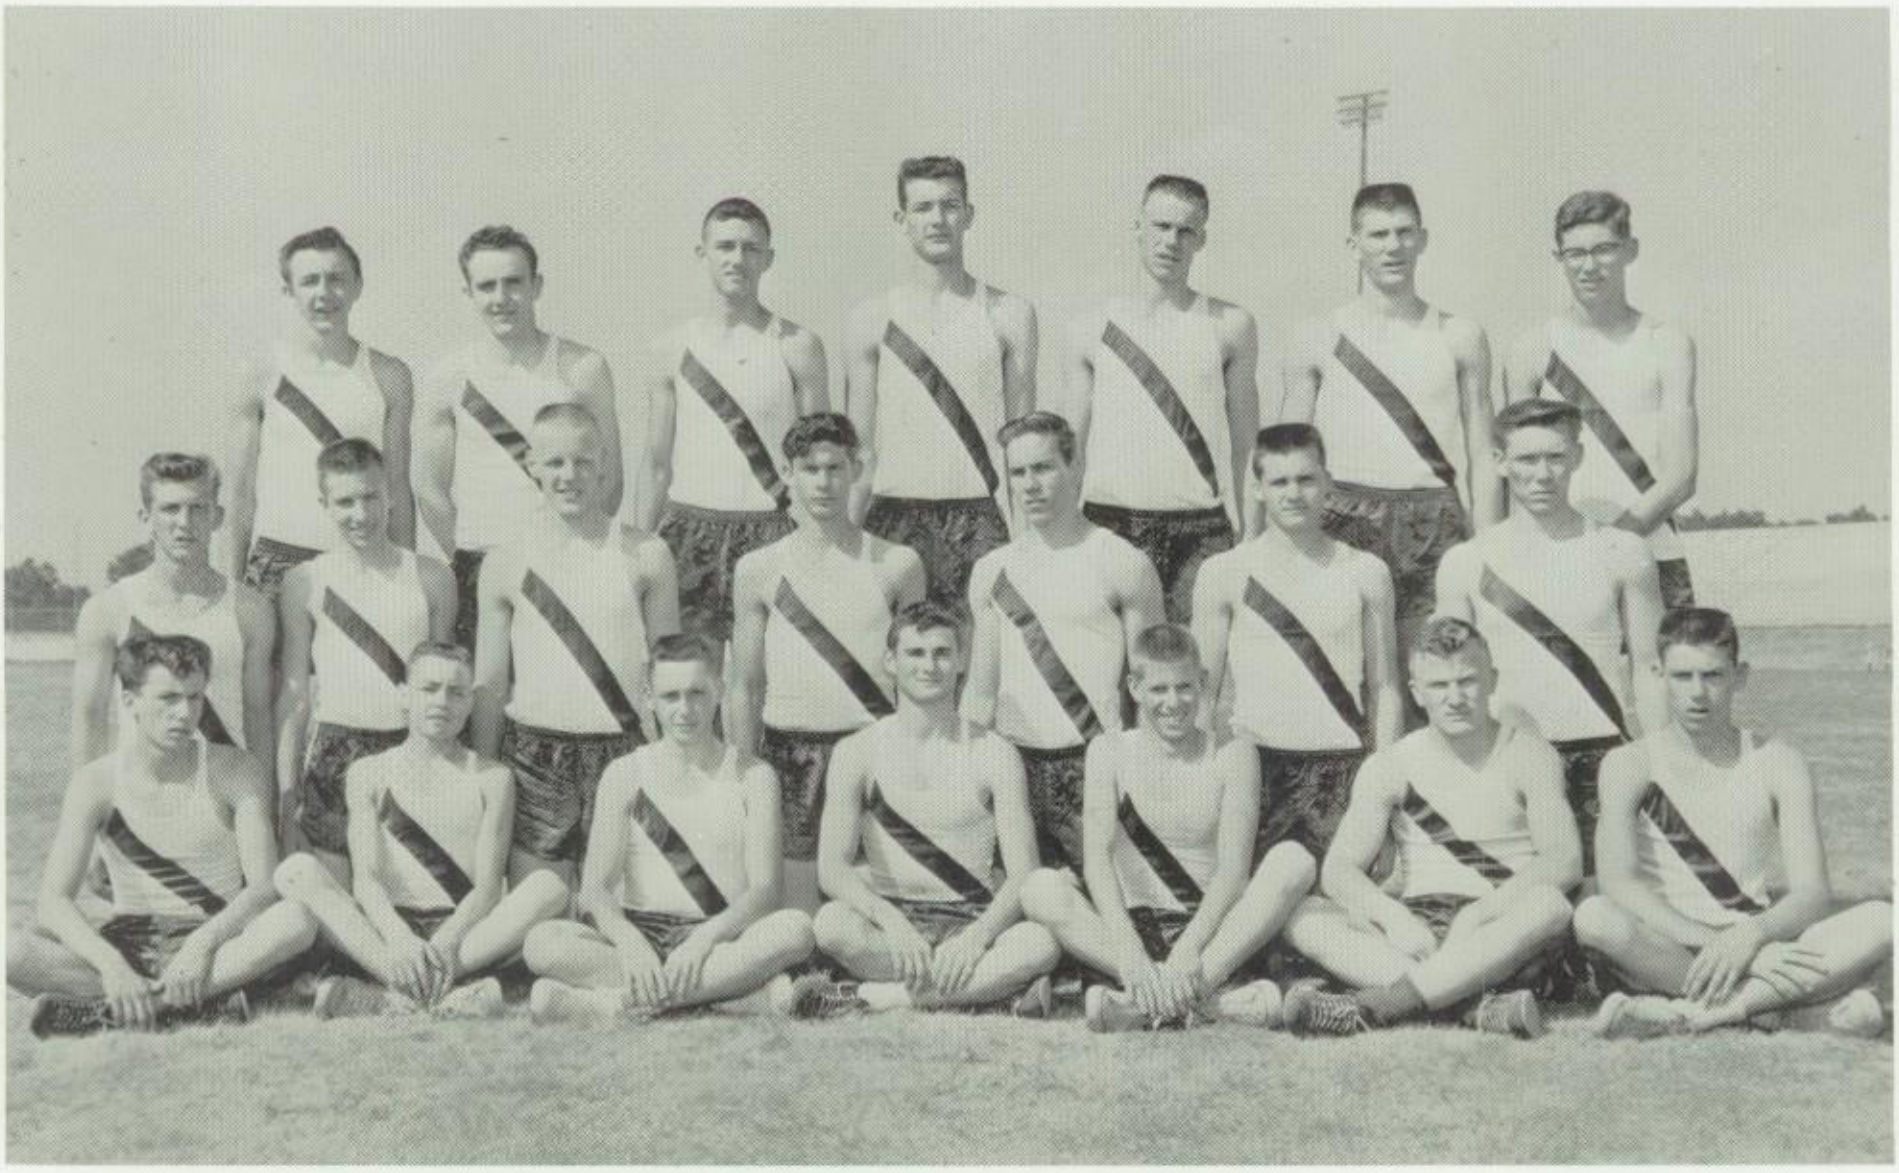
The Orchard View track team, headed by Coach VanSchelvin, had a very outstanding season.

In triangular meets O. V. scored wins over Hart, Shelby, Ludington, and Holland West Ottawa.

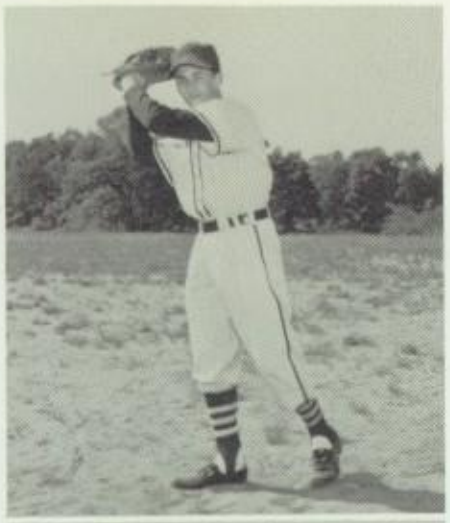
In dual meets, O. V. cut down such Conference powers as North Muskegon and Fremont.

The team competed in the Muskegon County meet at Reeths Puffer and clearly established itself as a power to be reckoned with in the future.

1962 marked outstanding year for Track . . .



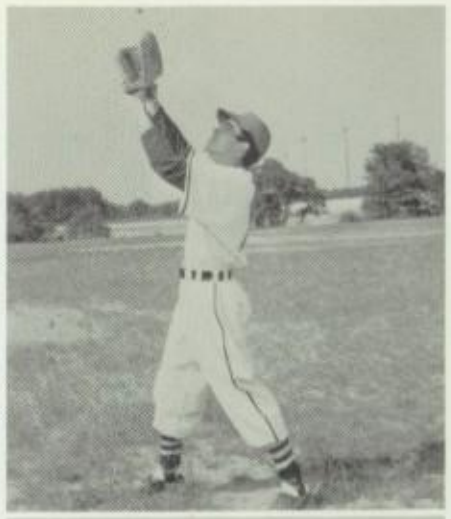
FRONT ROW: B. Abshur, B. DeGroot, J. Bellamy, A. Jourdan, D. Anderson, D. Bonebrake, J. Polk. MIDDLE: T. Welc, R. Utzinger, R. Bergstrom, C. Gleason, M. Six, R. Marek, J. Colbert. BACK ROW: L. Flannery, J. Dennison, D. Cramer, C. Kozal, R. Vandermolen, J. Ames, J. Fox.



Orchard View's team had, in some ways, a disappointing season. But it must be considered that the valuable foundation which was laid in 1962 had to be laid sometime.

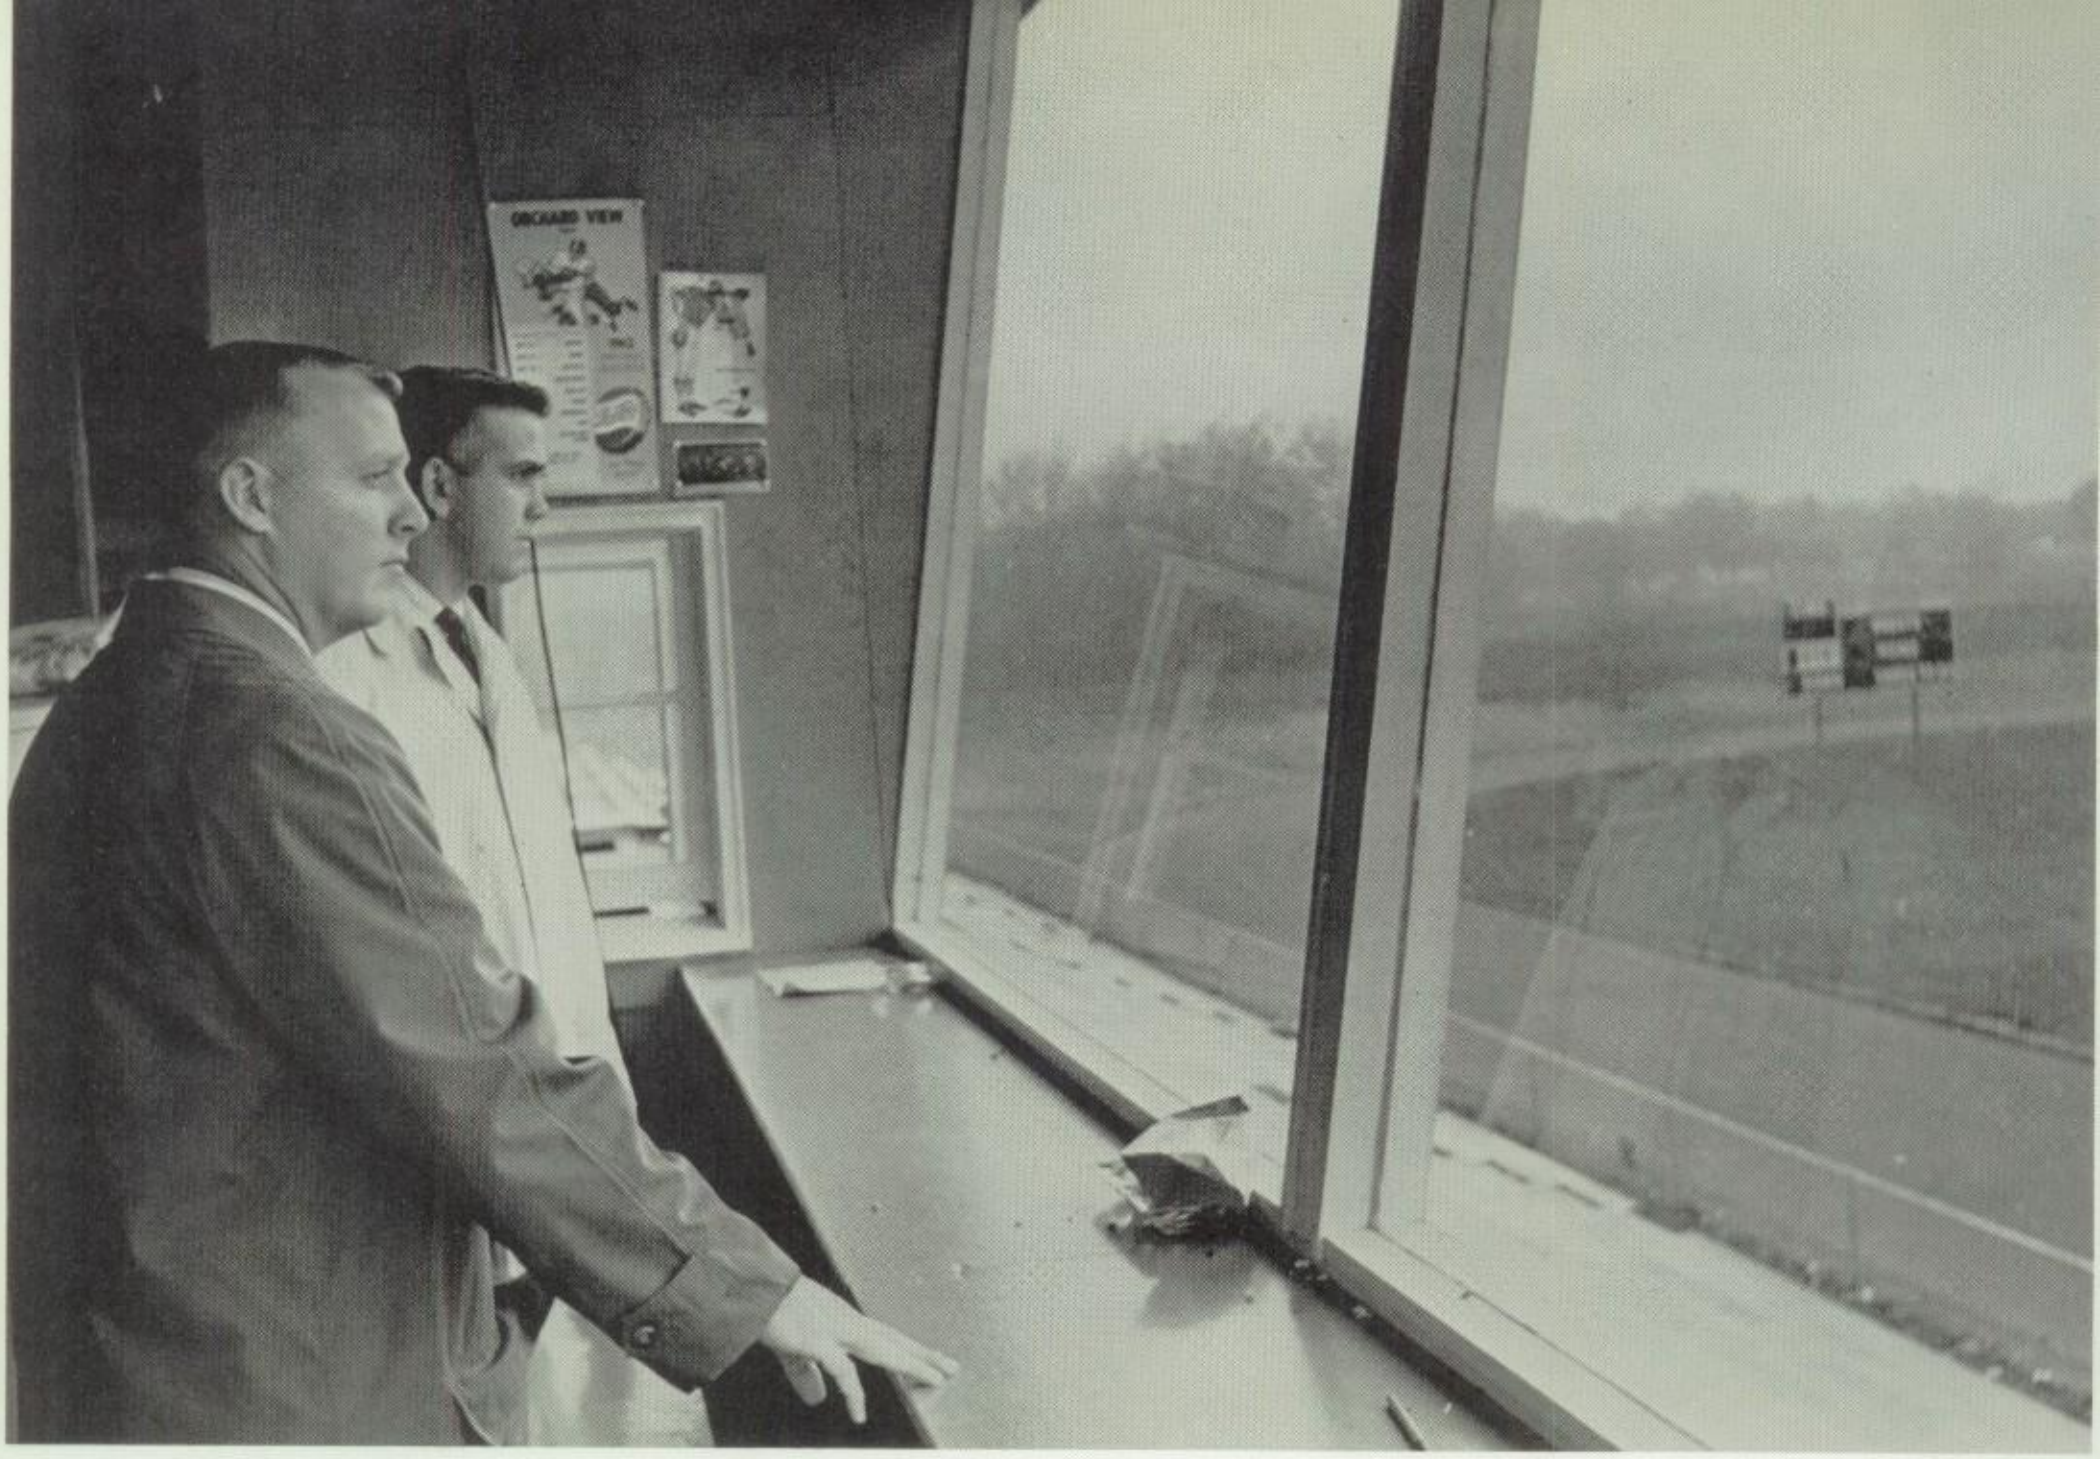
In 1962 the boys of the baseball team played some heartbreakingly close games. The lone victory was, perhaps, the proof of the fact that as the season progressed, the team improved. The boys haven't reached their peak yet.

Orchard View is sure to leave its mark when it plays its first season of baseball bolstered by experienced seniors.



together with "Fighting spirit" by Baseball team . . .

FRONT ROW: G. Rinckey, D. Tyler, T. Farran, A. Haas, T. Fielstra, J. Kemp. MIDDLE: R. McGhan, M. Nielson, C. Gardenour, E. Baker, D. Barber. BACK ROW: D. Utzinger, P. Lewis, C. Jalovec, B. Birr, G. Willet, Coach Czanko.



Coach Van Schelven and Coach Gregg

Looking Into the Future . . .

1962-63 was a good year for the Orchard View Cardinals. The combined efforts of experienced seniors and eager underclassmen produced many a victory. In a larger sense, the accomplishments of the teams extend far beyond the winning scores and the statistics of the games. Sportsmanship, fairness, and a respect for the rules are qualities which cannot be measured in percentages and points.

The memories of the thrill of victory, the anguish of defeat, and the overall understanding gained during the athletic contests of the year, are pleasant to review over and over again in the mind.

That immeasurable quality of a combination of pep, loyalty, and pride which we call "school spirit," was an abundant resource at Orchard View during 1962-63.

The students of O.V.H.S. are proud of the fine record which our athletic teams have earned. We of the Imprint staff extend an emphatic, "Well Done," to the graduate athletes of '63, and to the athletes of tomorrow, "Best Wishes," for future victories.

1962 Sealed Power Management Trainees

We congratulate the 1963 graduating class for reaching this milestone in your growth and development.

Like you, Sealed Power is looking toward the future. With constantly changing technology, products and consumer demands, the future of our company is dependent on well-educated and trained personnel. This is why the 227 Sealed Power factory employees hired during 1963 had a high school education or its equivalent.

Also, each year our overall employment and management development program permits us to hire a predetermined number of selected college graduates for future management positions. These particular young men are given a year's training in the various divisions of the company before being assigned to responsible management jobs.

GREAT THINGS ARE JUST AROUND THE CORNER

A milestone's about to happen. Your graduation marks a decisive period in your life. Behind is an important, formative period of learning. And ahead? The course is yours to choose, whether it be more study or the start of a career. We at Michigan Consolidated Gas Company join friends and family in wishing you well in your new adventures . . . hoping that your new-worlds-to-conquer outlook never dims.
